Curtis,

you are a real
swell guy we had
alot of fun in 1st
sometimes you were a
real nuisance but that's
okay. Have a fun summer

It is said that to believe is to be strong. This year we have believed in being Falcons, believed in C.H.S. and as a result we have been stronger than ever. The friendships, knowledge, and memories we have gained this year are not likely to be forgotten, and more importantly, they can never be taken away. But there are challenges we will yet have to face, and so we must continue to believe. Believe in your school, believe in your family, believe in your friends, and more than anything else, Believe in Yourself.

The magic of learning and the excitement of participating in the many activities here at Clearfield High School are something I look forward to each day. Every year students must work together to provide the enthusiasm that all great schools have, and this year has been a particularly good year because of the leadership, concern, and hard work of our staff and studentbody. Congratulations to each person who has successfully met the challenges of 1981-82.

The magic of Clearfield High School is caused by its people. I pay tribute to a professional staff whose goal is to help students to succeed, student leaders who are totally dedicated, and a studentbody which maintains a spirit of friendliness and cooperation. I wish the Falcons success in all their future endeavors.

The magic of success in high school is created when all of us work as hard as we can. Those things which we have worked long and diligently for are often the most rewarding. Being at school every day and doing a good job is sometimes a difficult task, but the results of such a program will be a help to each of us throughout life.

I feel it is an honor and a privilege to be a valedictorian this year at Clearfield High School. It would not have been possible without the help of dedicated teachers who have taught me and helped me to reach the goals I set. I will always remember the great faculty and super studentbody of Clearfield High. All of us have played an important part in making our school the great school it is today!

shauna cordon

As a Falcon I feel very privileged to be one of the valedictorians. My past few years at Clearfield High have been both rewarding and enjoyable. I've learned that school can be a place to have fun with extracurricular activities, and also a place to further an education. I want to thank my teachers for the help they have given me, and for urging me on to achieve the highest possible.

It is an honor for me to be one of the valedictorians at Clearfield High. I will always have fond memories of C.H.S. Having had a successful high school experience has given me a greater awareness of the importance of furthering my education. In achieving this honor, I have come to realize that each person must set many goals if they are to reach their full potential.

valerie aurich

I am very honored to represent Clearfield High as a valedictorian. I have enjoyed my years at C.H.S. and as I reflect on the many experiences I've had, I am reluctant to leave. But, I know life must go on and that the future holds many experiences that will be as challenging as past experiences have. No matter where I go, I am, and always will be proud to be a Falcon.

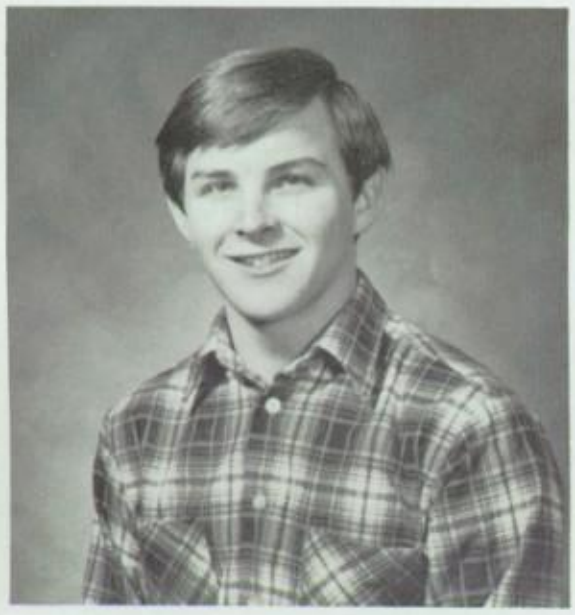
Charlie Smith - Mathematics

I feel honored to receive such a great honor from CHS as the Sterling Scholar Award this year.

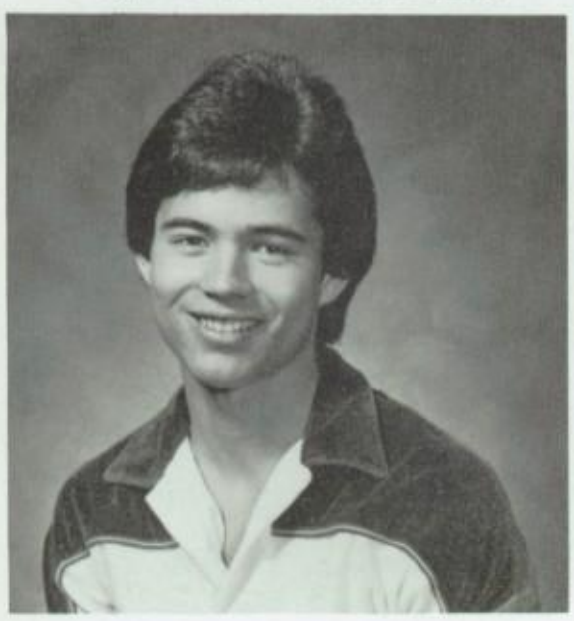
Shauna Cordon - Business

I thank the Business teachers and the great Clearfield faculty for the help they have given me and for helping me to realize my potential.



Douglas Carter - General Scholar

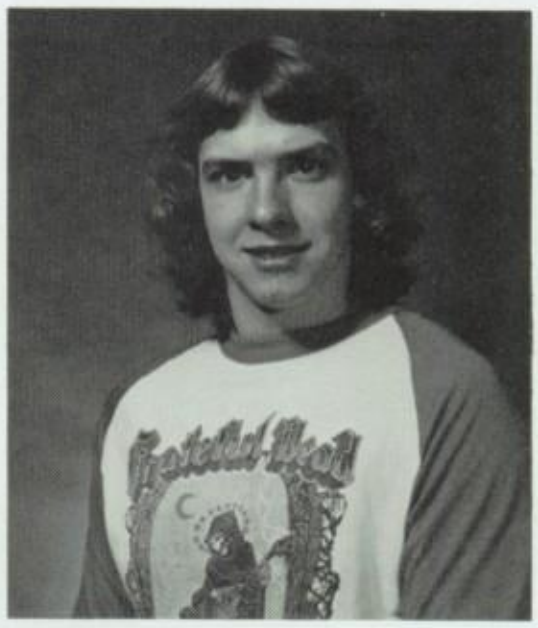
It is an honor for me to represent CHS as a Sterling Scholar. I will always cherish the friends and great experience I've had at CHS.



David Townley - Music

The music world has many opportunities, I hope my contribution will be rewarding to myself as well as all whom I might inspire.

Greg Harms - Science



It gives me pride to be chosen to represent my school in the science Sterling Scholar competition. It is important to have such honorable recommendations.

Valerie Aurich - English

I have enjoyed these past three years at C.H.S. I hope that all students will strive to do their best to reach their potential.

scholars

Doug Brathwaite - Art

It is an honor to be chosen as a Sterling Scholar for the Art Department, it is something I will remember for a long time.

The Sterling Scholars at Clearfield High School represent the top students of the school in each category. They worked hard to get to be the Sterling Scholars and to be able to be nominated as one of our representatives. There are nine categories that C.H.S. participated in this year; they are: Social Science, homemaking, speech/drama, mathematics, business, music, science, English and general scholar. The students are nominated by their teachers as being the top student in their category. Then they complete a series of tests to determine the top students in the state.

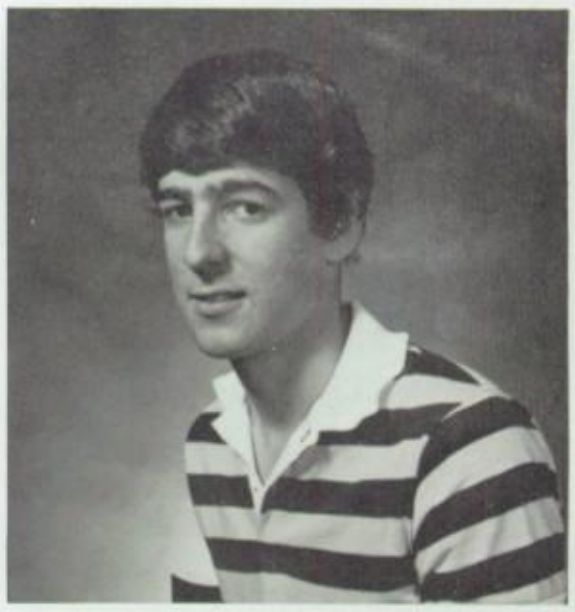
Being chosen as Speech & Drama Sterling Scholar is a great opportunity. This reminds me of a great joke but I'm out of room.

Scott Kimball - Speech/Drama

The Home Economics department is an outstanding Organization. I am honored to have been chosen to represent such a fine group of people. I will always cherish the Friendships & Memories made here at C.H.S.

Holly Kirkbride — Homemaking

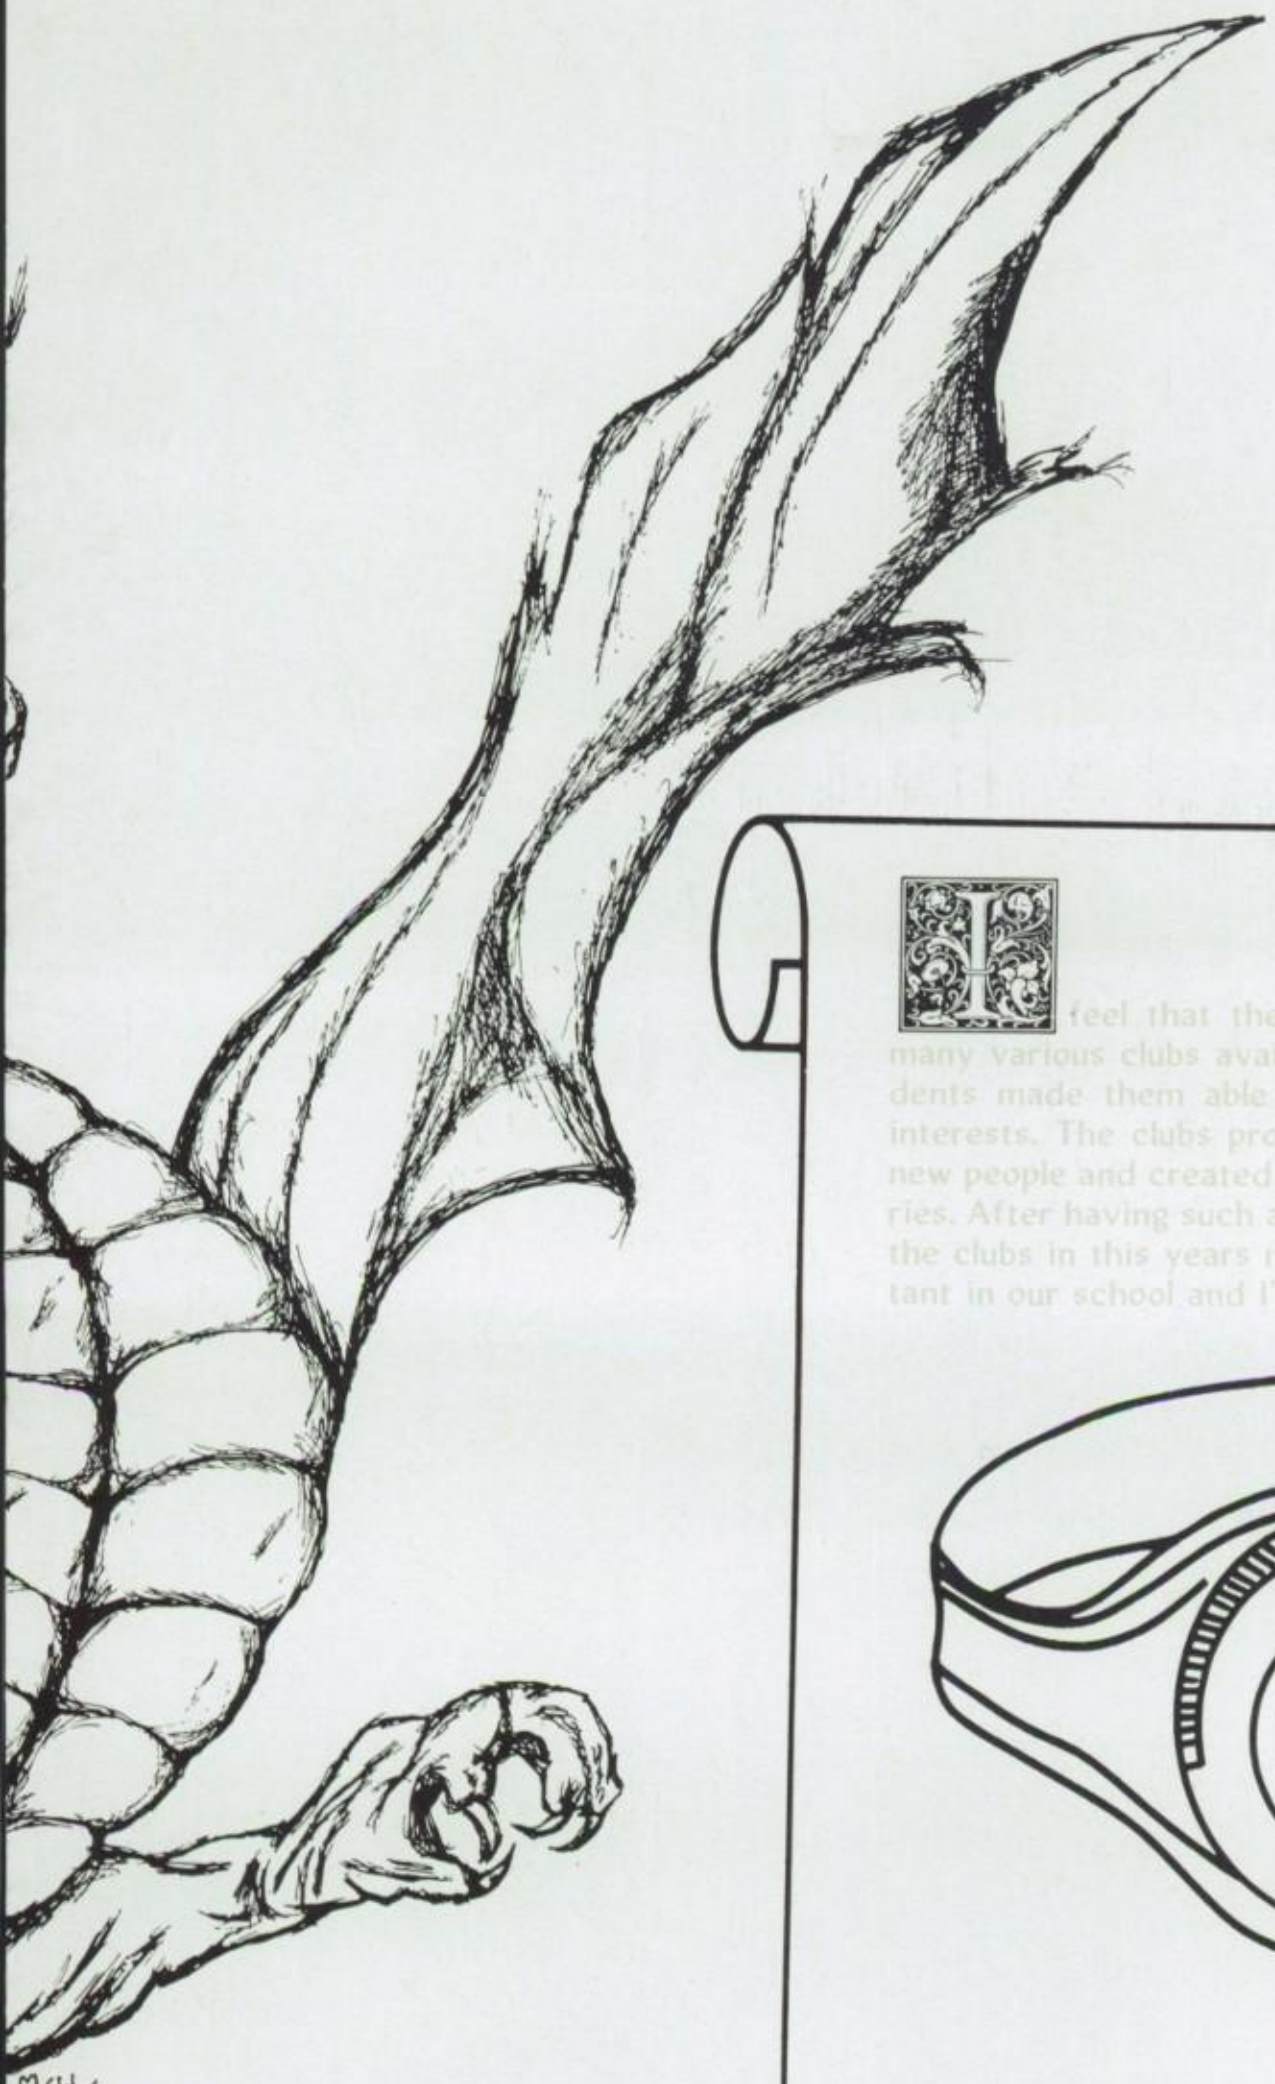
I feel that being chosen as Social Science Sterling Scholar is a good opportunity to get involved in an interesting field. I hope to benefit from this experience.



Scott Luther Ortega - Social Science

Barbara Thurgood - Vocational Education

clubs and organizations



I feel that the clubs were a great success. The many various clubs available at Clearfield High to the students made them able to become involved in their own interests. The clubs provided a way for students to meet new people and created many fun and unforgettable memories. After having such a successful year, I want to thank all the clubs in this years many events. Clubs are very important in our school and I'm glad they were all so successful.

Mr. Jenkins

Mr. Jenkins, a teacher and advisor of the bookstore, left Clearfield High School this year. Under his leadership the bookstore grew to become the place we know today. He went to work for the Bell and Howell Education Group.

The bookstore was the place where we went to buy many things necessary for everyday school life. They sold such things as paper, pencils, notebooks, and of course candy and pop.

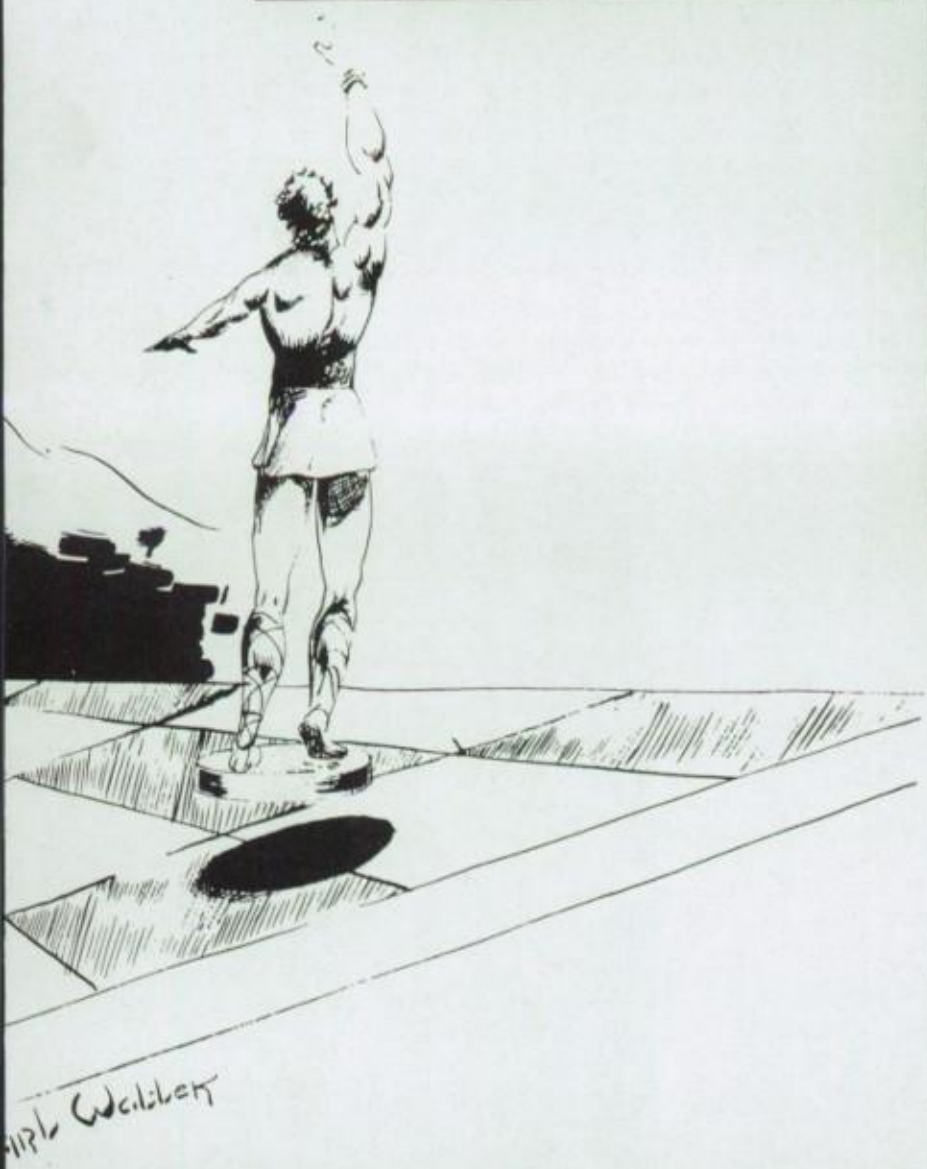
jazzy, talented girls are our secret!



Performing in the Clearfield High School Dance Company requires many varied abilities. Leaps. locomotive steps, and other movements make practices essential. Muscle stretches and other exercises are often painful and time-consuming, but the girls in thd Dance Company worked very hard to bring us exciting and inspiring dances. They perform at many various places and occasions. They travel to some of the surrounding elementary schools to help introduce modern dance, and they also perform at Clearfield High School assemblies. A large variety of music is used, with modern rock songs topping the list of favorite songs to work with. Songs with unusual or original musical scores are usually the easiest to perform to and choreograph.

practice makes perfect

The C.H.S. Marching Band was invited to participate in the USU Homecoming Parade in Logan during the early fall. They participated in a Concert Band Festival in April with other bands in the Region. The Pep Band has also accomplished the task of performing in Games under Volunteer effort and under a Student Director. The Clearfield Marching Band has marched in the 4th of July Parade during the Summer. They are very proud to be a part of Clearfield High School and proud to be able to participate in State Competitions like they did.

Blowing their horns is one of the things that the symphonic band does. They also play a variety of other instruments, such as trumpets, tubas, and flutes. The musicians expertly put together all of the different notes to form many magnificent melodies. They put on various concerts and performances, both at Clearfield High School, and at some of the surrounding area schools.

Best Wishes,
Brent Morley

falcons string along

Stringing along on violins, cellos, and violas was the Clearfield High School Orchestra. Led by Mr. Morley the group worked very hard to make the melodious songs they played sound wonderful. They played a large variety of songs, from classics to modern music to marches. Practice makes perfect, and practice is just what these musicians did. Many hours of work both at home and at school went into their music, and it certainly helped to make the songs sound magnificent. They performed at Christmas concerts, spring concerts, and many other concerts during the year.

Concert Choir is one of the elite singing groups at Clearfield High. The members are all seniors, and each must try out to belong in this group of talented people. The Concert Choir performs many times throughout the year at many different places including singing at the Layton Hills Mall during Christmas time and at the Capital Building. Mr. Davis is the director of this, and the other four groups and does a terrific job in bringing them to come to their full potential.

Clearfield High's Falcon Press has had an exciting year. All year the members of the Falcon Press have been printing posters, the school newspaper, and dance tickets and programs. They also help out the teachers by printing tests and worksheets on the Xerox machine.

The news this year was full of tragedies and triumphs. These are some of the top news stories that the Falcons coped with: picture # 1. Great strides were made in the science world with the launch and landing of the space shuttle. 2. The hostages returned from Iran after being in captivity for 444 days. 3. President Reagan took office, and later survived an assassination attempt. President Sadat, of Egypt, was killed, however. 4. Harrison Ford and Raiders of the Lost Ark was the top movie to see. 5. Poland fought for Solidarity, and Russia fought back with Martial Law. 6. A leading actress, Natalie Wood, drowned after falling overboard on her yacht. 7. Pope John Paul II was shot. 8. Prince Charles and Lady Diana were married in the biggest wedding of the decade. 9. The Air Controllers went on strike and many were fired, but the nation managed to cope with the problem.

The first dance of the year is always special. Sophomores experience their first formal dance, Juniors are a little more mature, and for the Seniors it is their last high school homecoming dance. The theme for the 1981 homecoming dance was Endless Love, and the excitement rose all week until it reached it's climax on the evening of the dance. The queen was Kathleen Abate, and the band was Amber.

winter wonderland

Snow and wintertime means fun and adventure for some people, and misery and cold for others. Skiing, tubing, snowball fights and sleigh rides are some of the activities enjoyed by the winter-loving Falcons here at Clearfield High School. For the Falcons that don't like the snow and ice, indoor activities move to the top of their lists of fun things to do. Games, movies and T.V. are a few of their favorite things to do. Winter means that hats, scarfs, and mittens come into view, and everyone bundles up. Winter also means that many holidays are on the way, such as Christmas, New Years, and Valentines Day.

It's not just dancing the night away,
hat makes a dance so great,
ut it's mingling with others, winning prizes,
hat will really impress your date.
The Kris Kringle Mingle was just that dance,
ull of happiness and Christmas cheer,
nd that little fat man, with the long white beard,
will be back again next year.

Clearfield High Falcons saw many fads and fashions come and go this year. A few of these were: picture # 1. The nation tuned in to General Hospital to see Luke Spencer and Laura Baldwin get married. 2. Video games such as Pac-man and Defender attracted hundreds of players. 3. Foreigner 4, ACDC Back in Black, and Journey Escape swept through the record sales. 4. The Sony Walkman brought music into the lives of thousands. 5. Nearly everyone could be seen fiddling with the Rubic's Cube, which later evolved into a pyramid, ball, chain, and other various shapes. 6. Kim Carnes and Bette Davis Eyes climbed to the top of the Rock and Roll charts. 7. The Chrysler LeBaron brought back the convertible. 8. Falcons got two new eating places this year, McDonalds and Arbys. Also popular this year were: straight leg jeans, boots, leg-warmers, and crazy shoe laces. We also wore Izod shirts, and rainbows and unicorns were popular items.

HOMECOMING WEEK includes fence decorating.

Homecoming week has always been remembered as one of the biggest weeks of the year, and the 1981-82 year at Clearfield High School was no exception. Class competition started off the week, and the activities continued to grow as the week progressed. The bonfire built up the spirit even more, and the curb painting helped to bring the spirit to it's peak. The excitement seemed to grow to great heights as the parade wound it's way down main street featuring the winning float from the art club. Then came the big game against Skyview, where we showed pride that could not be equaled. The week ended with the Homecoming dance, the band was Amber, and the homecoming queen for the 1981-82 year at Clearfield High School was Kathleen Abate.

This summer the cheerleaders recieved a superior trophy at the summer clinic. They got superior ratings, something a Clearfield squad hasn't done before. People at the games see the cheerleaders having fun and probably think "that looks easy." These cheerleaders make it look like it's all fun and games. Many hours of early morning summer practices were necessary. It's hard work, and it demands a lot of sacrifice.

As one of the most spirited groups at Clearfield High School this year, the Falcettes spent many hours of practice to bring us those wonderful performances. The girls worked very hard this year to be the best they could be, this often meant practicing for hours on end.

Getting along with all the different personalities could also be difficult, but as the year wore on the girls grew closer.

During those few minutes while they performed the dance all of the hassles were well worth it though.

Two of the groups that help to generate spirit at Clearfield High School are the Pep Band and the Pep Club. They work closely with the Cheerleaders and the Falcettes to keep the school united and spirited. The yells of the Pep Club help to give the team confidence, and the songs that the Pep Band plays bring spirit. The balance of the game often hangs on a thread, the win could go either way. In these times the Pep Club and Pep Band and the spirit and energy they have, are often one of the things that help the Falcon team achieve another victory. Along with the studentbody, the Falcettes and the Cheerleaders, the Pep Club and Pep Band help to hold the school, teams, and Falcons together, so that we can achieve the best.

Football didn't start out too well, with the Falcons losing the first few games. Everyone was hopeful when we finally won a game against Cottonwood, and we hoped that the rest of the season would add some wins to our record. Unfortunatly, the next few games dashed some of our hope, and we went into the final game against Layton, desperatly wanting a victory. Early in the game the Lancers scored, but we managed to get together and make some points. In the last quarter the game could have gone either way, but the clock ran out with the Lancers winning 17-14.

Many hours of practice went into this year's swim and dive team. Endurance, speed, and strength are all necessary to be able to do the things our Clearfield High School Swim and Dive team does. During the 1981-82 year the team attended many meets, where they did their best to show the other schools that Clearfield High had one of the best teams in the state. Pride and spirit are also qualities that our team used to their advantage.

State Sports reflect the greatness of the school and the athletes that attend the school. The Student Council is the group of people at Clearfield that decides what, who, when, and where. They try to plan activities that will make the studentbody happy, they promote spirit and pride, and they make policies that help to keep Clearfield High School running smoothly and effectively. Dave Steele, their advisor, helped them to make decisions that the studentbody, faculty, and administration could all find acceptable.

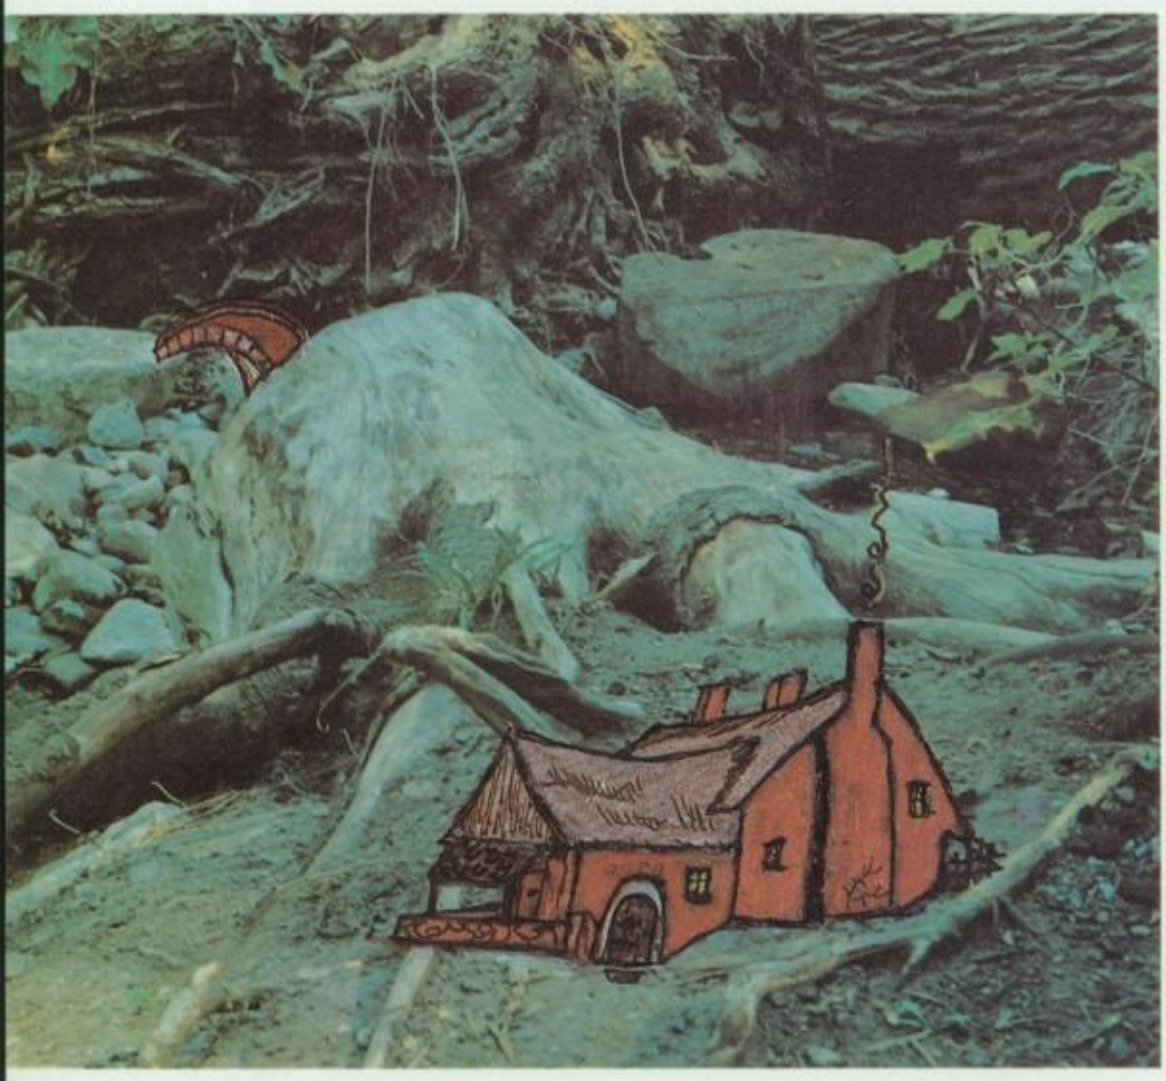
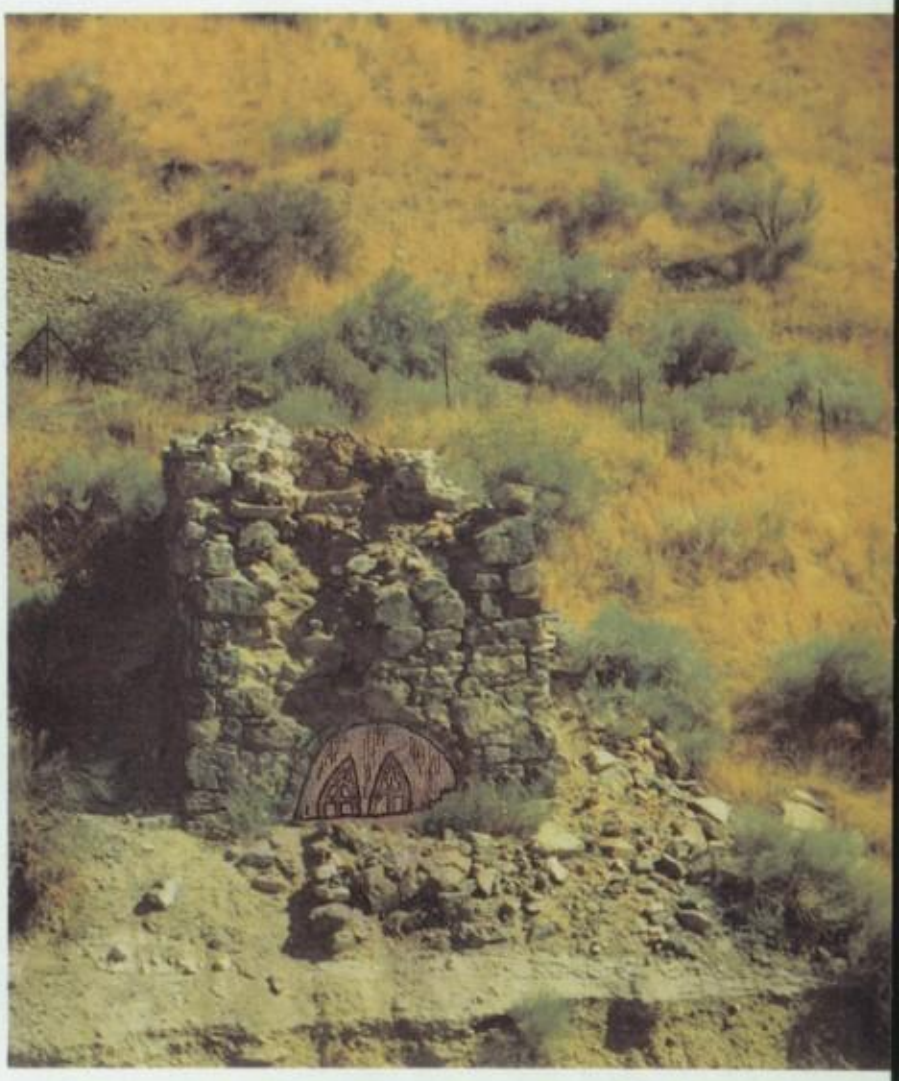
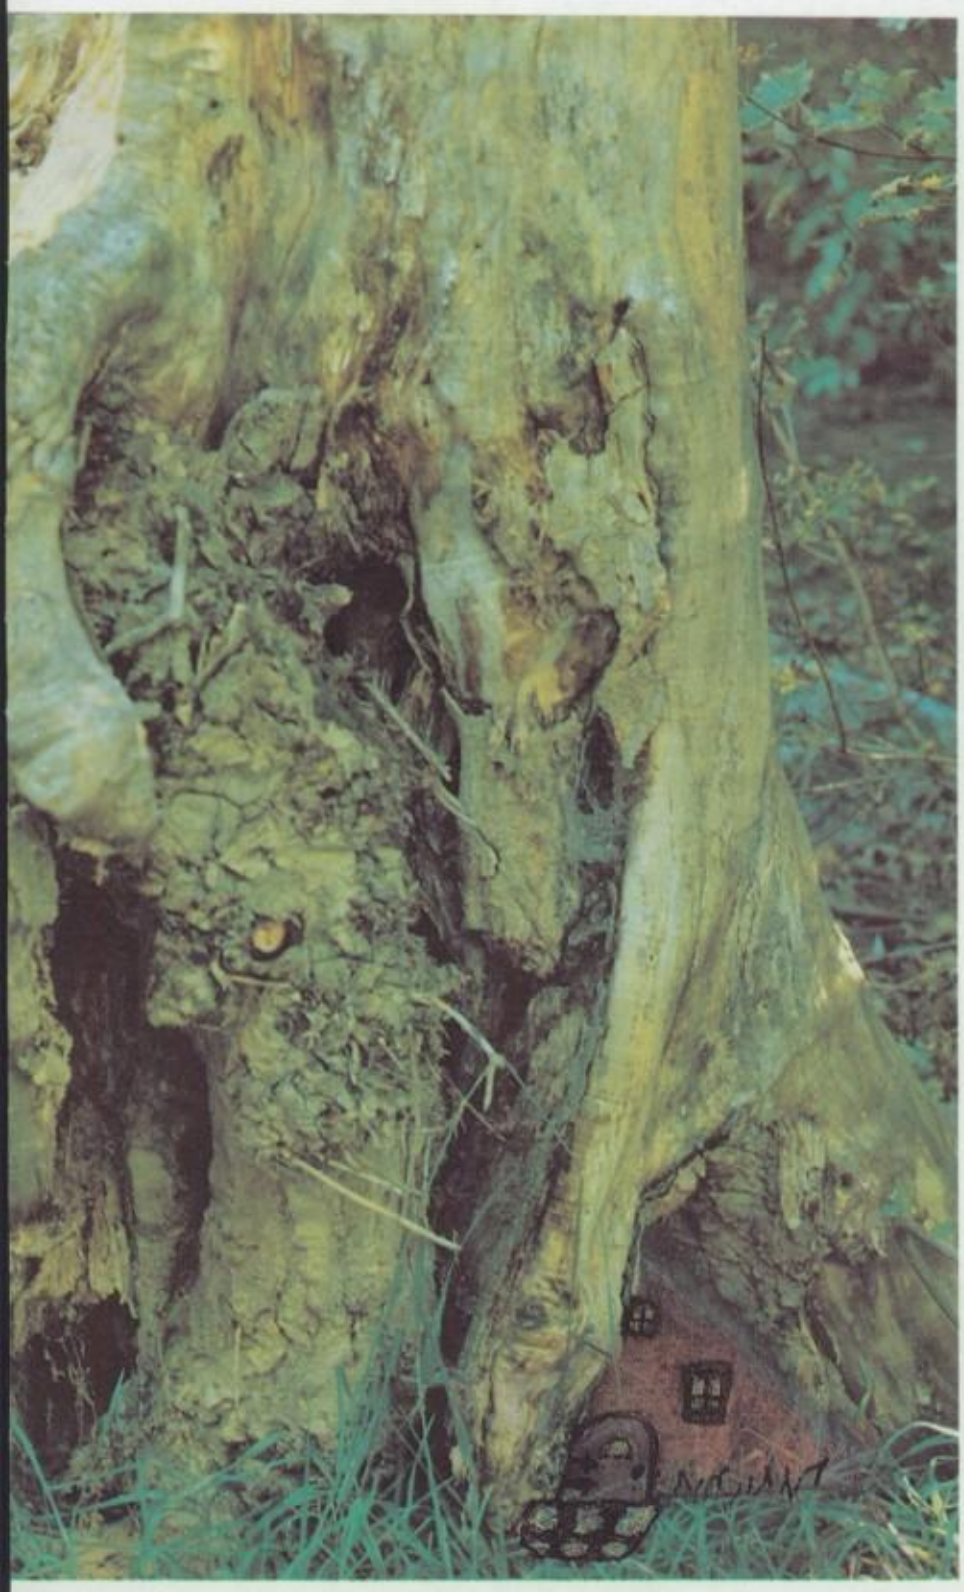
TOP SECRET

After a one year of study of magical Phonomina, our results were submited to the United States Bureau of unknown research. They concluded that even though we did have some New ideas, therewas no tangable Proof of the existance of magic in any way shape or form.

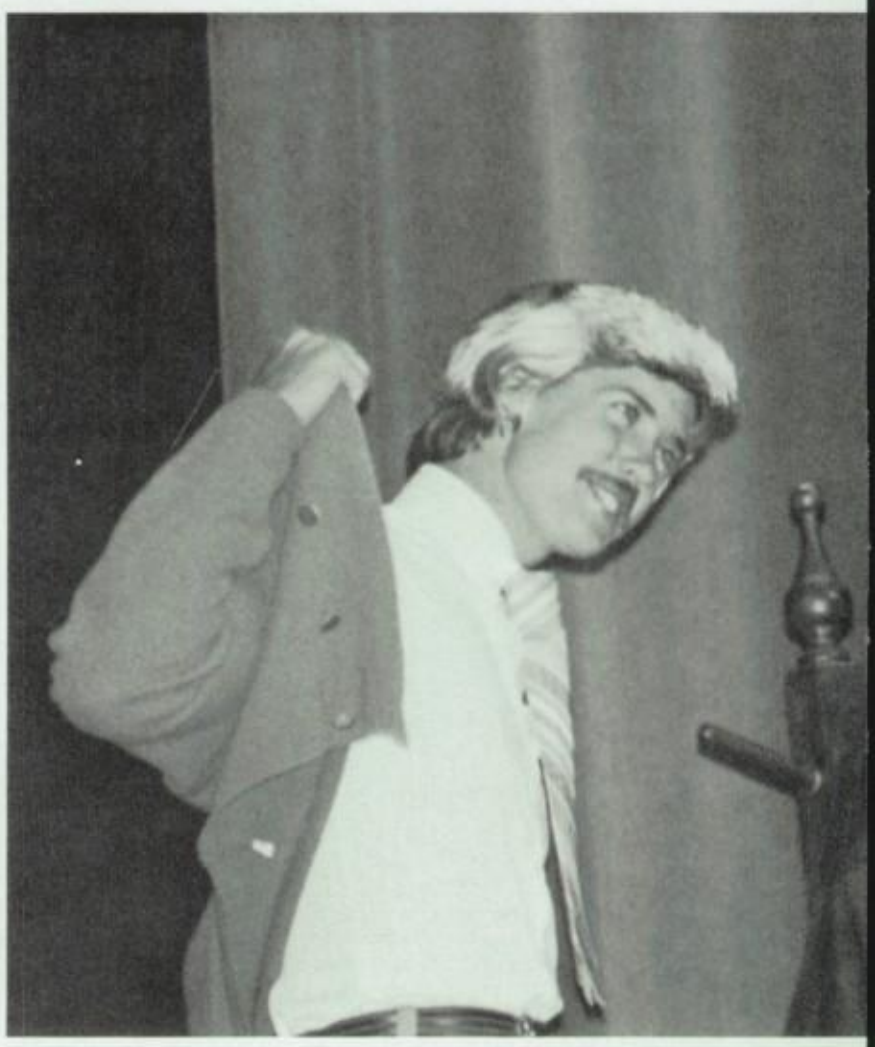






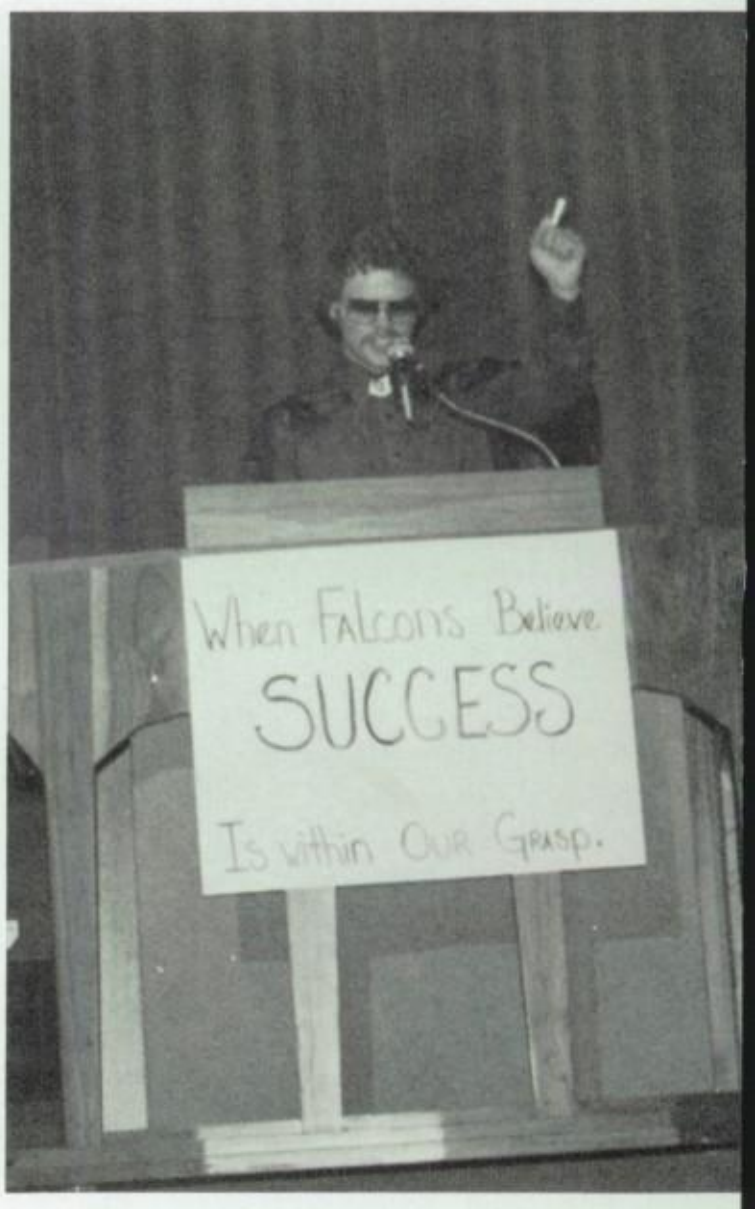
strange happenings at chs

No applause, just throw money!



It's a beautiful day in the neighborhood!

We've seen the light!



Reverend Weaver Believes!

"Talking heads reach stardom!"

What did Charlie eat?

The Falcons at Clearfield High did some pretty weird things. Assemblies were famous for weird happenings; Falcons half green and half white could be seen, walking fish appeared, and our Studentbody President wore strange clothes and glasses. The quad also had some weird things happening in it; wheelbarrow races and sandwich eating contests attracted crowds, and flying footballs and frisbees soared through the air. Falcons have also been known to dive for chocolate kisses in chocolate pudding, and paint the bus loop in dazzling colors.

Where did I put that red licorice?

I knew we shouldn't have eaten that!

Curtis*,

Hows it going bud?
Im real glad I got to know ya.
yous a Super good lookin guy
with a great personality to
match.

I really wish things could
have happened between us, but
I wasn't ready to be tied down
yet, it was nothing against you.

Now that you've got yours
license you can come see me
this summer. Even take me out
if ya know whats good for ya.

Remember your promise
the summers going to be very
tempting. But do it for yourself
not me. You'll be glad at the
long run.

I hope we're superbuds next
yeas. ya never know what will
happen during the summer- those
summer nights (wa-wa-wa).

Keep in touch
Love ya lots

Robert Lujan

How long we live is not for us to say,
We may have years ahead - or but a day.
The length of life is not our control,
But length is not the measure of the soul-
Not length, but width and depth define the span
By which the world takes measure of a man.
It matters not how long before we sleep,
But only how wide is our life - how deep.

Curtis, (sweetheart)
It's been really fun this year,
even though I only got to know
you really good towards the end
of the year. Stay good the rest
and keep your hands & eyes off of
all those girls. Maybe you'll
make it up to be Stick & Great
Senior like me.
